

Rafting at Kolad

A mind that is stretched by a new experience can never go back to its old dimensions.

- Oliver Wendell Holmes Jr.

The emerald water glistens on the surface, the water looks calm, but as you course down the length of it, the River Kundalika picks up gradual speed; Steering through unbridled water and precarious bends, with your heart racing faster than the water, you meet the rapids with all your courage, and suddenly, as a cold wave come splashing on your face, you scream with excitement on top of your lungs, for you, feel truly alive!

Rafting is one of those rare activities which can be enjoyed by all ages. It's a perfect combination of adventure, stepping out of the comfort zone, wildlife, exercise, and above all, making memories of a lifetime with your friends and loved ones.

The River Kundalika has a perfect setting with up to grade 3 rapids, exciting descents, extreme beauty owing to its cascading waterfalls, green meadows with the picturesque backdrop of the Sahyadris, and all this while being almost a stone throw away from Mumbai.
